Tim Meadows, North Little Rock, Arkansas I have purchased your products 5 times, exact match every time, I have used the pen, the brush in bottle,and spray cans. Get the prep-work right and you get great results. Worth every penny! Thanks guys! Color was perfect match. Touched up a small dent about the size of a quarter on passenger side rear door of my Ram I'm no painter by any means, but this DIY fixit looks good. Disguises the blemish well and prevents oxidation. Black gold is the factory color, which is a very complex color. Thanks you for providing me an inexpensive solution to my touchup!! The products where delivered fast and the color matched perfect. I bought a used hard tonneau cover for my truck, of course they where different colors but automotive touch came thru. Thank you for a great product that's easy to use. I've never done automotive paint touch up but my experience with your color matched spray paint on the rap around portion of my bumper was very good. The color matched perfect, so much so that my do it yourself-er car friend asked "where's the touch up? I started on my front pumper this past weekend. We'll see how it turns out. Keep up the good work! Matched perfect will definitely tell friends about website. Product was easy to use and a perfect match for my truck! Much more economical than a body shop and great results. Color matched perfectly. Easy instructions and application. Paint touch up matched pretty well for a 5 year old paint job I'm happy. Great match on the color. Good job guys. If ever need again will get it from you. Thank you for a good product. Great product. Matches the paint beautifully. Thank You. My home repair looks better than I imagined. I dented the black color-matched rear steel bumper on a Ram Express. The dent was rusting so I needed to do something. Sanded area. Wet sanded with grit. Rubbing compound. Bought the primer, basecoat color and the clear in the 2oz. The color is spot on and blended very well. Covered as well as can be expected from a touch up brush and an amateur as myself. I was very happy with the fast shipping and reasonable price. I would most definitely look to them in the future for any other needs. Customer service was awesome., Very pleased with this product! Color was spot on and the clear coat gave it the final touch to all but make the scratch disappear. Feel better about winter approaching with no exposed metal anymore. Thanks Automotive Touchup!
