Print this page and call us Now I had been searching for a Kia Telluride for a few months. Patrick Scofield at VanDevere Kia was great to work with. He was very prompt to answer all of my questions. VanDevere offered a good price compared to many other dealers that I had contacted. Patrick was able to make the process very smooth as we were able to get a bunch of the legwork done the day before driving up to OH. Also, the dealership was very mindful of the Covid guidelines so there were no concerns there while we were at the dealership going through the buying process. I would definitely recommend Patrick and VanDevere if you are in the market for a car. Sean and Chris were spot on professional efficient very comfortable with purchasing my dream car from them. I've never had a experience like this at a dealership. Thanks fellows! Salesman was very transparent with pricing and vehicle options. It was a comfortable process for me. I set an appointment to drive and see the vehicle and when I arrived I asked to speak with the person they recommended. I was then advised that the individual was off of work today. I then asked if the guy I talked to on the phone was here and they advised that he does not work at this branch. I was then referred to a different salesman. Then I was advised that they do not have that vehicle. I asked if the vehicle was sold and they advised me that it was not and that it was not at this dealership. I asked them when they would be receiving it and they were unsure. They then received the vehicle and were unwilling to work with us on price or convenience. We did not purchase this vehicle due to the company being ran poorly setting up an appointment for a vehicle which they did not even have with a person who was not even working that day. I would not recommend anyone dealing with this dealership due to them not willing to work with you for the mistake they made. The individuals I dealt with were not mean or rude but very unorganized.
